

## Statement for use by pre-school education centres

To be included in Parent Information Pack and to be displayed on the centre's notice-board.

*Getting it right for every child*

### **Working together: Statement for parents**

All pre-school education centres work closely with NHS Highland and other agencies so that the resources and information we have will bring the most benefit to families. The aim is to ensure we have the right services for your child at the right time.

Early Education services and NHS Highland collaborate to plan services and offer interventions, such as the Childsmile Oral Health Programme and the Pre-school Vision Screening Programme. To assist the administration of these programmes, we confirm your child's name, date of birth and address to NHS Highland.

We have a Link Health Visitor, who visits the centre at least once a term. Their main role is to offer advice on children's health and development. They will also liaise with your own Family Health Visitor if necessary.

Our centre's Link Health Visitor is: Catherine Zawalynski

Tel. No. 01463 783403

If your child would benefit from help from other agencies, you will be asked for permission so that relevant information can be shared. This enables staff to get a rounded picture of your child and means you won't keep being asked for the same information by different people. If your child's immediate safety or welfare is at risk, information may legally be shared without your consent.

*This statement is available in Gaelic and Polish and can be provided in other languages and formats, on request to Childcare & Early Education Service.*
